

The right **performance** for any performance

Scapa 3130 is a polyethylene coated waterproof cloth tape with a pressure sensitive adhesive and premium matt finish. Available in a full range of colours to meet the demands of the entertainment market.

Scapa's matt gaffer tape is ideal for applications where low light reflectance is essential, especially for use in theatres, film sets and studios, or for general purpose industrial applications.

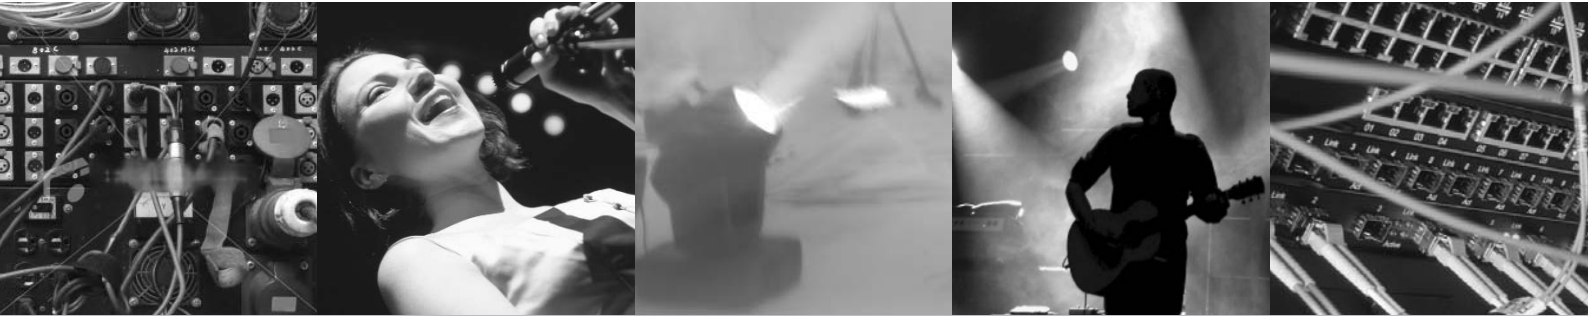

Scapa 3130 matt gaffer tape

- **Premium matt finish to prevent the reflection of light**
- **Excellent tear properties**
- **Peels off easily from surfaces without leaving any adhesive residue or marks**
- **Very easy to use in application**
- **Highly flexible and conformable**
- **Writable surface**
- **Good strength and all round performance**
- **Good industrial tack and ultimate adhesion**
- **Easy unwind**
- **Now also available in chromakey blue and green**

3130 matt gaffer tape

Scapa 3130

Product Reference	Tensile Strength (N/cm)	Adhesion to Backing (N/cm)	Adhesion to Steel (N/cm)	Service Temperature (°C)	Total Thickness (mm)
3130	55	1.0	3.0	60°C	0.29

Applications

- Fixing, bundling and holding of wires and cables
- Colour coding and identification
- Floor marking
- Securing scenery or backdrops to different surfaces
- Joining and splicing applications
- Book and spine binding
- Masking applications such as unwanted film set items
- Applications where a matt finish is required to complement appearance
- Ideal for general-purpose applications where added strength, performance and low light reflectance is required
