

Gantom iQ: Micro Image Projector

GT-GB1-CW-BL

GANTOM iQ: MICRO IMAGE PROJECTOR

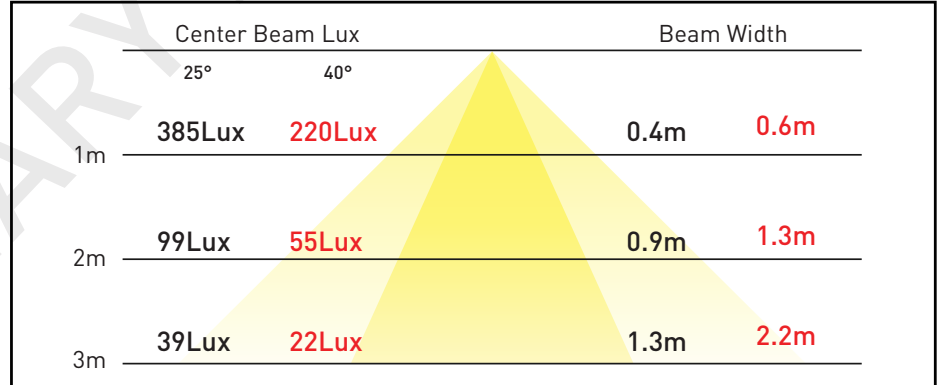

The Gantom iQ is an ultra-compact image projector that is angle and focus adjustable. Using LED technology and special optics, the Gantom iQ can render sharp full colored images from transparencies and films on user made 3/4" diameter patterns at a fraction of the size and cost of traditional gobo projectors. The Gantom iQ opens up a vast new dimension of lighting possibilities by allowing images and patterns to be produced in the most discrete and unobtrusive ways that were impossible with traditional fixtures.

FEATURES

- Smallest pattern projector on the market
- Angle adjustable using front sliding lens
- Focus adjustable using rear sliding lens
- Supports full color user made patterns
- Cree XP-G LED
- 12V DC low voltage input
- Internal constant current driver
- PWM dimmable (10%-100%)

SPECIFICATIONS

| | |
|------------------|---|
| Max wattage | 2.7W |
| Input voltage | 12VDC |
| Current draw | < 225mA |
| Light beam angle | 25°-40° |
| Dimensions | 30mm Ø x 90mm |
| Lead wire length | 500mm |
| IP rating | IP65 |
| Gobo size | 19mm OD, 15mm ID |
| Exterior Finish | Black anodized aluminum |
| Power connection | 2.1mm ID / 5.5mm OD DC jack with screw terminal adapter |
| Catalog # | GT-GB1-CW-BL |
