Product description (Configuration: Video)

The CC-190 is designed for small Mini-DV/HDV camcorders up to models such as the Sony HC-1 & similar.

The case features:

- TST protection and shock absorbency.
- Large main compartment with full length internal side compartment for accessories.
- Optional customization by using Kata's Modi-Vers dividers.
- Large external pocket for personal effects or more equipment.
- Quick one pull double zipper top opening + quick closure buckle.
- Supplied with Padded Shoulder strap.
- Can be worn as a waist pack using the rear belt connection.

To match your equipment, please compare the internal dimensions to your kit with required configuration, or use the Kata on-line bag chooser.
