 Optional wireless

ML750

Ultra-compact portable LED Projector

Easily transportable between your home and office, weights less than 0.4kg and comes with a convenient carry bag. Packed full of features which incorporates a media player, native office viewer and built-in speaker. Project without a laptop using the built-in memory, microSD card slot, or USB connection. Easily connect and display from a mobile or table device using MHL connectivity to view business files, photos, videos.

Easy Connectivity-MHL

Easily connect to a laptop, PC, games console or DVD player with HDMI. The ML750 is also MHL compatible, this allows you to connect your MHL enabled mobile device with a single cable solution allowing you to mirror your devices screen. Ideal for streaming movies and viewing files and photos stored on your mobile device.

SmartPhone support list:

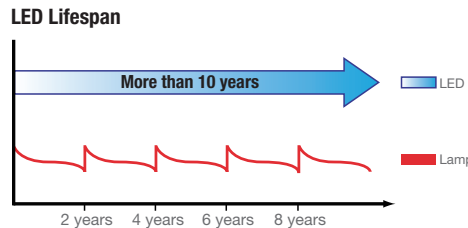

Wireless Presentations-EZ View

Present from your phone or tablet using the free App: EZ View. Available for both Android and iOS devices, EZ View gives you the freedom to wirelessly share and present documents, photos, videos and your devices camera turning it into a document camera. Creating a more connected and collaborative experience for everyone. Instantly connect and display presentation material wirelessly from a PC, Mac or mobile device using the optional mini WiFi dongle which connects discreetly to the USB port on your ML750, bringing you seamless wireless connectivity in a highly portable package. Enjoy big-screen presentations streamed to your projector, cable-free.

LED Technology

Using the benefits of LED technology, the ML750 LED projector uses individual Red, Green and Blue LED modules to create the projected image without the need for a colour wheel. LEDs increase efficiency and have an increased lamp life up to 20,000 hours. Saving you both time and money; while leaving you certain that your projector will be fully operational for many years to come.

Instant On/Off

Quickly setup and pack up with instant power On/Off. LED technology allows the projector to be a full brightness in seconds.

Media Player and Native Office Viewer

Play videos, photos, Microsoft Office & Adobe PDF files directly from the internal memory, a microSD card or USB stick and view them directly on the projector without the need to connect the projector to a laptop, PC or DVD player.
