

Philips MSD 150/2

The Philips MSD 150/2 is the latest addition to the Philips DJ/Club Lighting range. It has all the light characteristics of the well known MSD 250/2 with 8500K color temperature. Mechanically and electrically it is exchangeable in fixtures using CDM-SA/T 150W/942.

Features	Benefits
• High Tc (8000+ Kelvin)	• High Punch / Eye-catching brightness.
• Proven MSD reliability and robustness	• No worries on stage.
• Retrofit with CDM-SA/T 150W/942	• Multifunctional fixtures.
• Same color characteristics as MSD 250/2	• Perfect color match with MSD 250/2 based fixtures.

Type	A	B	C	D
