

MSR 1800 DE

A new high power double ended lamp for your beam shaping needs

Features	Benefits
MSR filling	<ul style="list-style-type: none"> Pure, white light. Color point close to black body line Consistent color impression over MSR range Stable color temperature over lifetime
Same dimensions as MSI 1200W	<ul style="list-style-type: none"> More light in same size, for more punch Allows for compact fixture design

Technical Specifications

Type		MSR 1800 DE	Average lamp life at 1800W	hrs	750
Wattage range	W	1800	Replacement before	hrs	850
Cap / base		SFc15.5-6	Colour rendering index at 1800 W		>85
Lumen output at 1800W	lm	145000	Colour temp. at 1800 W	K	6000
Efficacy source (1800W)	lm/W	80	Chromaticity coordinates (1800W) x		318
Minimum ignition supply voltage	V	207	Chromaticity coordinates (1800W) y		318
Arc Size	mm	10			

ORDERING CODE
