

Sundo-2

KT VD-130-2

The Kata SunDo-2 Audio Set Operating Bag is designed to carry and organize sound gear such as; a large mixer, wireless transmitters and many other accessories. The case includes an **APSS** Advanced Padded Shoulder Strap for carrying the case on your shoulder or across the chest. Or you can use the optional **OVH** opposite V Harness for additional working configurations. A double floor provides three height options with three pull-out supports to lift and lower the double floor.

Key Features

- Main compartment for mixer, DAT, batteries, cassettes, headphones and accessories
- Zippered side pockets provide easy access to mixer with both hands for working in the rain
- Front compartment can hold up to 3-4 wireless transmitters, hand microphones, power supplies and connectors.
- Modular interior divider allows you to position the mixer either close to or away from your body.
- Double floor, provides three height options. Three pull-out supports lift and lower the double floor.
- Clear vinyl window that can be folded is on the inside of the top of the case.
- All the wires can be transferred from one compartment to another while keeping all of them inside.
- Two **DPB** buckles on each side provide a choice of carrying solutions: shoulder strap used diagonally for better balance or the **OVH** harness.
- APSS Advanced Padded Shoulder Strap has a unique curved shape that prevents it from digging into the wearer's neck while offering optimal weight distribution.
- Inverted interlocking handles are padded, and reinforced with PVC.
- Modular interior divider allows you to position the mixer either close to or away from your body.
- The interior of the bag is made of a loop fabric called **Yelloop** to which you can attach the **Modi-Vers** dividers. It is a bright yellow material, so that the contents can be viewed with ease.
- The **Modi-Vers** System allows you to create compartments that meet your requirements. The divider can be cut with scissors to any desired size. You can attach the newly cut divider to another divider or the walls of the bag with a special Touch Fastener connector.
- **Toblerone** shock absorbers are made from synthetic thermo-rubber that absorbs shocks and protects the case from abrasion, dirt, mud and standing water.
- **Compatible with;**
 - **Audio Development** A/D261 mixer
 - **Cooper Sound** CS104 mixer
 - **EAA** MKIII, MKII mixers
 - **Filmtech** LSP3, LSP4 mixers
 - **PSC** M4 MKII, M4A, M4 mixers
 - **Sony** DMX mixers
 - **SQN** 4 (Stereo), 4S IV mixers
 - **Wendt** X4 mixer
