## PODIUM

The PODIUM work seat allows work-at-height and rope access technicians to sit when suspended in their harness for long periods of work, providing additional comfort. It features three equipment loops and is easily adjustable, with DOUBLEBACK buckles. It can be connected to the harness with T-BARs, which can be attached directly to the shackles, or with connectors or accessory carabiners such as the MINO.

The PODIUM work seat is convenient, with three equipment loops to make carrying equipment easier and more balanced.

It can be connected to the harness with T-BARs, which can be attached directly to the shackles, or with connectors or accessory carabiners such as the MINO.

The PODIUM covering can be replaced, making it a more sustainable option.
