- 2 T knobs
- Quick Reference Guide

Unpacking Instructions

Carefully unpack the product immediately and check the container to make sure all the parts are in the package and are in good condition.

Claims

If the box or the contents (the product and included accessories) appear damaged from shipping, or show signs of mishandling, notify the carrier immediately, not Chauvet. Failure to report damage to the carrier immediately may invalidate a claim. In addition, keep the box and contents for inspection.

For other issues, such as missing components or parts, damage not related to shipping, or concealed damage, file a claim with Chauvet within 7 days of delivery.

4. Operation

Telescoping Pole

To increase the height of the telescoping pole:

1. Loosen the height adjustment knob.
2. Adjust until the safety release clicks into place at the desired height.
3. Tighten the height adjustment knob.

To decrease the height of the telescoping pole:

1. Loosen the height adjustment knob.
2. Press in and hold the safety release.
3. Adjust to the desired height and let go of the safety release.
4. Adjust until the safety release clicks into place.
5. Tighten the height adjustment knob.

The telescoping portion of the FLEXstand can be locked into place by tightening the safety screw beneath the height adjustment knob. An allen key is provided inside the packaging for this purpose.

5. Maintenance

Product Maintenance

To maintain optimum performance and minimize wear, clean all products at least twice a month. However, be aware that usage and environmental conditions could be contributing factors to increase the cleaning frequency.

To clean the product, use a vacuum (or dry compressed air) and a soft brush to remove dust collected on the external surface.
