TRANSPORT 45

Designed for regular to intensive use, TRANSPORT 45 is a comfortable and durable pack. The back panel, shoulder straps, and waistbelt are padded with thermoformed foam to optimize comfort, even when carrying heavy loads. It is constructed with high-strength TPU tarp material to withstand intensive use without premature wear. With a practical, freestanding design, it can also be hauled, hung open at a workstation, or carried using one of the three durable handles.

Back panel, shoulder straps, and waistbelt are padded with thermoformed foam to optimize comfort, even when carrying heavy loads.

TRANSPORT was designed to stay upright. The user can easily access their equipment, even when the pack is sitting open on the ground.

The upper flap has a transparent pocket for identification and a closed pocket for personal items or small equipment.

Loops on the shoulder straps can be used to attach a BUCKET rope bag to carry in front.
