

SQ-6100 IrDA

Rechargeable Handheld Microphone

CHIAYO SQ-6100 IrDA rechargeable handheld wireless microphone is designed for superior audio transmission, covering the UHF 500-960 MHz band with a bandwidth of 25 MHz and 100 frequency points. Ideal for various professional audio applications, it ensures optimal performance in all environments.

Superior Sound Quality and Stable Performance

The SQ-6100 IrDA uses advanced digital technology for stable audio transmission. Its bidirectional frequency synchronization allows quick matching with the receiver, with a maximum output power of 35mW. The built-in LCD screen and LED battery indicator let users monitor the microphone's status, ensuring clear and consistent sound quality for performances, meetings, training sessions, exhibitions, broadcasting, and karaoke.

Long Battery Life and Durable Design

This microphone uses two AA batteries, offering approximately 16 hours of operation. Its robust metal construction weighs only 298g and measures Ø53 × 256 mm, making it portable and easy to use. The SQ-6100 IrDA is the ideal choice for professional audio applications, providing excellent sound quality every time.

Model	SQ-6100 IrDA
Frequency range	UHF 862 - 870 MHz
Bandwidth	25 MHz
Preset frequencies	100
Channel sync	2-way (RX ⇌ TX)
Max power output	35 mW
Battery	AA x2
Operating time	16 hours
Material	Metal
Dimensions (mm)	Ø53 × 256
Weight (g)	298
