

WasherFX 900

Floodlights

WasherFX 900 is a high-performance wash floodlight designed for demanding stage, event and architectural applications. Equipped with 48 × 20W RGBL LEDs, it delivers high output, smooth color mixing and uniform light coverage. The fixed 20° beam angle ensures precise illumination, while 8 controllable sections enable dynamic effects and advanced pixel mapping. The fixture supports DMX512, RDM and wireless W-DMX, allowing seamless integration into professional lighting systems. Additional modes such as Auto, Sound and Master/Slave provide flexible operation. Its IP65-rated aluminium housing ensures reliable indoor and outdoor use, while the LCD display with touch buttons and 16-bit dimming provide intuitive control and smooth performance.
