

MATERIAL4X[®] FASTFIT[®]

MATERIAL4X[®] HAND PROTECTION

The FastFit[®] family has expanded to include Material4X[®] durability. Our Material4X[®] microfiber redefines durability with higher abrasion resistance and greater tear resistance than standard synthetic work gloves. Material4X[®] is completely washable, making this glove as practical as it is popular. The elastic cuff provides a snug fit to the wrist with easy on and off flexibility between tasks. Your hands will stay cool and comfortable with a knitted mesh back-of-hand and form-fitting TrekDry[®] material covering your wrist, thumb and fingers.

ELASTIC CUFF

Snug-fitting elastic cuff offers easy on and off flexibility.

DURABILITY

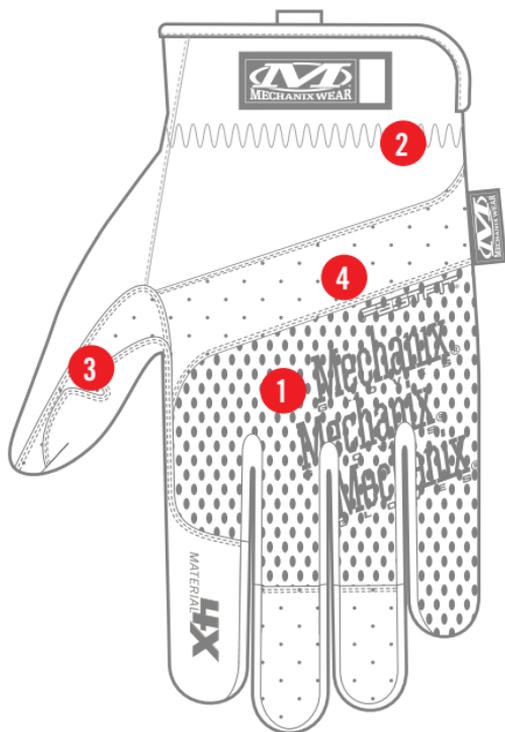

Abrasion resistant Material4X[®] lasts four-times longer than any standard microfiber.
